Water Study Committee	1,000.00
-----------------------	----------

24. Motion under this Article was "I so move"; was seconded, and carried, unanimously; therefore the Article is reproduced here:

To see if the Town will authorize the Board of Selectmen to enter into negotiations with the Administrator of the Housing and Home Finance Agency, the Secretary of Commerce, or the Secretary of Agriculture or any combination of these agencies to apply for Federal Funds and that the Board of Selectmen be authorized to expend same for surveys, a preliminary engineering report, and contract documents with estimates of costs for proposed water supply facilities in their various phases in conjunction with the cities of New Bedford, Taunton, and Fall River, Massachusetts, and the towns of Acushnet, Berkley, Dartmouth, Dighton, Fairhaven, Freetown, Lakeville, Marion, Mattapoisett, Middleborough, Raynham, and Rochester, Massachusetts, for the regional development of water supply facilities within and for these cities and towns, including the development of the Taunton River as a source of public water supply, for a regional water district to be established if the results of such a survey indicate the need and desirability of same and with the understanding that the Town will reimburse the Federal government for that part of its

share of the cost of surveys, preliminary engineering reports, contract documents and estimates of cost, if and when the particular water system facilities are subsequently constructed with the Town as a participant in the system, if required, and that the Town authorize the Treasurer, with the approval of the Board of Selectmen, to accept a planning advance from the United States government under the terms of Public Law 560, as amended, or under the terms of Public Law 89-136 (Public Works and Economics Development Act of 1965) or under the terms of Public Law 89-117 (The Consolidated Farmers' Home Administration Act of 1961, as amended) or any other Public Law so enabling, for the purpose of preparing said surveys, preliminary engineering reports, and contract documents, etc., or take any action relative thereto.

25. Authorize the selectmen to dispose of fire department ambulance.

2. Annual Town Election March 21

3. Special Town Meeting May 31

1. Appropriated from taxation:

Group Insurance	1,500.00
-----------------	----------

2. Appropriated from former appropriation, Chapter 90 North Main Street reconstruction:

Chapter 90 North and South Main Streets reconstruction	5,000.00
---	----------

3. Approved town membership in the Southeastern Massachusetts Economic Planning and Development Corporation.

Appropriated from former appropriation, Water Study Committee:

Town share of first year expenses, Southeastern Massachusetts Economic Planning and Development Corporation	500.00
---	--------

4. Dismissed the Berkley School Building Committee.

Instructed Moderator to appoint a School Need Study Committee consisting of the school committee members and four additional members.

4. State Primaries September 13**5. Special Town Meeting October 19**

1. Appropriated from former appropriation, Old Age Assistance:

Veterans' Services	1,200.00
Medical Assistance	380.00

Medical Assistance	1,620.00
--------------------	----------
3. Authorized the borrowing of \$11,000.00 for welfare purposes, per Chapter 27, Acts of 1966.
Appropriated from borrowing:

Public Welfare	11,000.00
----------------	-----------

6. State Election November 8**Note:**

The above are the six town meetings held in 1966 as summarized by the town clerk.

SELECTMEN'S REPORT

With the passage of the State Sales Tax, the financial picture of the town has taken a turn for the better.

With the advent of Medicare, several changes were made in the handling of the several categories in the Public Welfare Program.

Although Old Age Assistance and Aid to Families of Dependent Children grants have risen considerably, the net cost to the town has remained fairly stable.

Under a new State Public Health Law, a sanitary permit is required prior to the issuance of a building permit for a building or mobile home to be used for dwelling purposes.

The second phase of reconstruction of South Main Street got under way near the end of the year with completion expected by June 30, 1967. A section of Anthony Street was constructed as far as funds permitted and the Riverside Drive construction was finalized.

A committee has been appointed to make a study and recommendations for the purpose of beautifying the Common.

During the year we have been in contact with our area State Representatives concerning the replacement of the Berkley-Dighton Bridge.

At this time we wish to express our appreciation to all for their cooperation with us in the conduct of the Town's business.

Respectfully submitted,

ARTHUR P. MILLER
HAROLD G. ASHLEY
EINO H. SILVAN

REPORT OF THE TOWN AUDITOR**(As of January 28, 1967)**

Board of Selectmen
Town of Berkley

The annual examination of the Tax Collector's records as to unpaid taxes due the town is being conducted. The outstanding taxes, as of December 31, 1966, have been listed. Statements for verification purposes will be sent to tax-payers with accounts showing as unpaid on the books.

Lines of taxes due, as of December 31, 1966, are approximately 962 totaling about (\$73,000.00). This is a considerable decrease from last year's figures. Progress is being made due to the efforts of the Collector to collect taxes due from previous years. Real Estate taxes due comprise the greater portion in the amount of (\$59,500.00).

Tests of the Treasurer's records shall be made, also the commitments and the abatements of the Assessor's office.

The records checked to date appear in good order, and I wish to thank the Collector, Treasurer, Selectmen, and Assessors for their excellent cooperation during the past year.

Respectfully submitted,

FRED HEYWOOD, JR
Town Auditor

STATE EMERGENCY FINANCE BOARD

1. At a meeting of the Emergency Finance Board of the Commonwealth, held on the 15th day of November, 1966, a majority of said Board being present, the following vote was unanimously passed under suspension of rules:

VOTED: To approve the borrowing by the Treasurer of the TOWN OF BERKLEY of the sum of ELEVEN THOUSAND DOLLARS (\$11,000.00) under the authority of and in accordance with Chapter 27 of the Acts of 1966. The proceeds of said loan are to be used to meet the appropriation made for payment of Public Welfare Accounts. The term of the loan is set at One (1) Year.

2. TO WHOM IT MAY CONCERN:

The Expenditures for the year 1965, as determined by this Board, and the appropriations for 1966 for Public Welfare and Veterans' Benefits, under which the Emergency Finance Board acted in authorizing a loan by the TOWN OF BERKLEY in accordance with Chapter 27 of the Acts of 1966 are as follows:

Account	1965 Expenditures	1966 Appropriations
Public Welfare:		
Administration	\$ 3,300.00	\$ 3,500.00
Relief	2,163.73	2,000.00
Old Age Assistance:		
Assistance	6,457.40	10,000.00
Medical Assistance for Aged:		
Assistance	9,934.46	9,000.00
Aid Families with Dependent Children:		
Aid	7,810.40	9,000.00
Disability Assistance:		
Assistance	—	500.00
Veterans' Benefits:		
Administration & Benefits	11,560.24	9,200.00
	<hr/>	<hr/>
	\$41,226.23	\$43,200.00

BOARD OF REGISTRARS OF VOTERS

Three elections held in 1966 made necessary more registration sessions of the board, and fifty-nine new voters were added to the town's list of voters. However, the total number of registered voters as printed on new voting lists for the November 8 election was 837, a decrease of nine from the beginning of the year, many names being removed from the lists because of death, removal from town, etc. Several names were those of persons who actually did not move away, but were not listed in the annual street listing, and appeared before the board after receiving a notice to the effect that the name was to be taken off the voting list because of not being listed. This emphasizes the importance of giving the names of **all** persons resident in your home and 20 years of age or over on January 1. Family members who may be in nursing homes, in the service, or away at college, are still residents of Berkley even though away; their names should be given to the person doing the street listing, when the call is made at your home.

Doing the 1966 street listing were Mrs. Bristol, Mrs. Mitchell, and assistants Mrs. Agnes Wilson and Mrs. Evelyn Marshall.

Board of Registrars of Voters

REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

During 1966 the Fire Department responded to 81 calls: 43 brush and grass; 10 buildings; 7 motor vehicles; 4 town dump; 3 heating equipment; 1 chimney; 1 Berkley-Dighton Bridge; 3 rubbish; and 3 false alarms. Under mutual aid there were 3 assists to Taunton, and 1 to Lakeville.

In cooperation with school officials, men and equipment were called to two fire drills at the elementary and junior high schools.

The State Fire Marshall was called to investigate five building fires of suspicious origin.

Fire extinguishers at the library and schools were checked, and also those located at various business establishments.

The communications system was improved and added to, resulting in more efficient operation of the department. A remote control unit was installed in the fire chief's home which allows the base radio to be operated from that location, as well as at the fire station. Through this unit firemen who own home receivers can be alerted immediately, to save time, and important messages and information can be relayed to and from the mobile units.

A more powerful radio transmitter was installed in the ambulance and the replaced radio installed in the forestry truck. The department now has 3 trucks and the ambulance radio equipt. There is also one privately owned mobile radio unit.

The 1953 Ford Farrar truck was taken to the Farrar plant at Woodville, Mass., for pump repair and inspection. It was reported that the pump was in good condition considering its age and the amount of use it has had.

The ambulance, manned by Fire Department personnel, answered 56 calls during the year: 30 trips to Morton Hospital; 10 from Morton Hospital to homes and area rest homes; 6 trips to Truesdale Hospital, Fall River; and 8 trips to other area hospitals located in Middleboro, New Bedford, Fall River, and Providence. Two other calls were responded to but the ambulance was not used after it arrived. 14 of the total number of calls received were for accidents.

During 1967 the volunteers who man the ambulance will take the Red Cross Advanced First Aid Course to renew their certificates. This must be done every three years.

Money from private donations is deposited to an "Ambulance Fund" and used to purchase supplies and equipment that will enable us to give better service and care of the patient. This past year a Scott Demand Inhalator and a resuscitator were purchased and installed in the ambulance. This is oxygen equipment and is especially useful with heart patients. Also obtained were 2 extension floodlights, a pry bar, a hydraulic Porta-Power kit, blankets, and linen.

The Salvation Army in Berkley purchased a "carry chair" and donated it to be used with the ambulance. This chair has handles and is used to carry a patient to the ambulance from places where the stretcher cannot be used.

Minimum standards to be met by fire departments have been received from the New England Insurance Rating Association. These standards should be met in order to at least keep the fire insurance rate we have. At the present time we do not meet all of the specifications, but we are doing our best to improve and add to the equipment as we go along. It involves considerable expense and our budget does not allow very much for extras.

I wish to express my thanks to the residents of Berkley for their cooperation with the Fire Department in an effort to keep fires at a minimum, and also to thank the members of the Fire Department, Police Department, and all others who have assisted me in carrying out the duties of this office.

Respectfully submitted,

FRANCIS E. FOURNIER,

Chief of the Fire Department

REPORT OF CHIEF OF POLICE

To the Board of Selectmen:

Gentlemen:

As your Chief of Police I submit the following report for the year 1966:

Arrests	8
M.V. Accidents investigated	37
Breaks and Thefts investigated	29
Stolen Cars recovered	11
Miscellaneous Complaints investigated	150
Car Transfers Filed	1,184
Tickets issued for defective equipment	117
Pistol Permits issued	10
Summons Served	73
Suspension of License by Registry	33
Plates picked-up for Registry	1
Malicious destruction of property	10
Suicide	3
Citations issued	10

We assisted the Registry and State Police on investigations, patrolled the Town on Holidays, and directed traffic during Dog Racing Period.

We are a member of the Taunton Police Radio Network and have six two-way radios in use.

In 1966 the Town was on twenty-four hour Police Coverage with the installation of a Police Phone and the Telephone answering service. The Police Telephone number is 822-7040.

Again I thank the Selectmen, Police Officers, Firefighters, State Police, Registry and all others for their excellent cooperation in carrying out the duties of the department.

Respectfully submitted,

HAROLD G. ASHLEY,
Chief of Police

REPORT OF THE TRUSTEES OF THE BERKLEY PUBLIC LIBRARY

The Trustees have met monthly and attended to all details insuring the smooth operating of library functions.

The most noticeable improvement in the library has been the repainting of the walls and refinishing of the wood-work. Our Library is wearing a bright new look.

Racks were purchased for proper storage of periodicals. The need for more shelving for Jr. High books will be investigated, also a more useful charging desk.

It was with sincere regret that the resignation of Edith Beal, library trustee, was accepted. Her devotion to the improvement and progress of the Berkley Library will be missed.

In October an agreement was signed between the City of Boston and the Trustees of the Boston Public Library, thereby putting into effect the New England Regional Library System, eagerly awaited by all concerned. This makes the Berkley Public Library an integral part of this system and we have the privilege of borrowing from this vast source. The Taunton Library is our first call for books or material needed, if not available there, they will relay the call until the material is obtained.

We do hope that more and more of the townspeople will use the facilities of our own library, and when needed the regional system. This will do good and accomplish its purpose, only by being of service to all who need or desire it.

Respectfully submitted,

WALTER CRAVEN

JUNE MOSKAL

EDITH BEAL

BERKLEY LIBRARY REPORT

To the Library Trustees and the Townspeople:

1966 Circulation: Adult—5,805; Juvenile—6,899; Total—12,704.

Adult card holders—288; Juvenile—475; Total—763.

Books added by Town purchase; Adult, 166; Juvenile, 203; Gifts, 117; Total 672.

Jr. Library Aid Pins were earned by Cheryl LeCornec and Elaine Brassard. Intermediate Pins by Charles Gagnon and Raymond Peloquin. Our thanks to these young people.

Service to the Jr. High pupils rate high on our list. We are trying to do the best we can with this group.

A sincere word of appreciation to our former Trustee, Edith Beal, who resigned in November prior to the family move to Vermont. We shall miss the interest and zeal which she brought to her position. This library is the recipient of many books given by the Beal family.

The Book-mobile continues to make periodical loans of books, which our patrons find interesting. We have borrowed many books from Taunton Public Library, on the Inter-library-loan which fills the need for special books in a prompt way. We like dealing with the friendly Staff at Taunton. They also forward to Boston any request which they can not fill from their own collection.

Gifts of books and periodicals, the gifts of Friends and Townspeople are gratefully acknowledged; Mrs. Harry Buckley, H. Joslin, Mrs. K. Goodwin, Mrs Theodore Brassard, Mrs. Frank Beal, Mrs. G. Robert Stetson, Mrs. Francis Fournier, Mrs. J. Farrar, Mrs. Janice Weldon, Mrs. J. Longton, Mrs. Susan Harrison, Mr. Elmer Whittaker, Mrs. Francis Andrews, Mrs. J. M. Babbitt, Miss Ruth Howland, Miss Hazel Freeman, Mrs. F. LeCornec, Mr. A. Desatells, Mrs. Doris Trond, Mrs. Evelyn Marshall, Mr. and Mrs. Ratcliffe, Mrs. Elwell Perry, Lawrence Swift, Rodney P. Briggs, Mrs. C. Holmes, Matthew Combs and Raymond Peloquin. In Memoriam books have been given by the Berkley Woman's Club and the books presented by the Berkley Lions Club have been appreciated. Thanks one and all.

Our thanks to the Trustees who do everything within their power to further the work at the Library and cooperate in all library plans. My personal thanks to my fellow worker, Mrs. Trond, for her whole hearted help in the library.

Respectfully submitted,

HELEN M. CRAVEN (Mrs. Walter),
Librarian

CIVIL SERVICE EXAMINATION NOTICES

These notices are posted by the town clerk, as required by law, in two places in the town; on the bulletin board outside the selectmen's office in the school basement, and in the library; residents interested in civil service employment should keep in touch by reading them. For the co-operation of the librarian, Mrs. Helen Craven, in posting these notices in the library, I wish to express appreciation.

Respectfully submitted,

FRANCIS F. G. ANDREWS,
Town Clerk

OFFICE OF PLANNING BOARD

Board of Selectmen
Berkley, Massachusetts

Gentlemen:

The Berkley Planning Board meets once a month at the town Library. The meetings are held at 7:30 p.m. on the third Monday of the month.

One subdivision was acted on for the year 1966.

Much time has been expended with the Water Commission to discuss the possibility and feasibility of developing a master plan for the town of Berkley. A portion of the master plan would deal with the findings and recommendations of the Water Commission.

Five (5) Consulting firms were asked to quote an approximate cost of developing such a plan. The quote from Mr. Charles E. Downe of Newton, Massachusetts, who has done much work in surrounding communities, was selected as the one that the planning board would prefer to use. Mr. Downe came to Berkley to meet with the planning board and water commission members to discuss the many facets that a master plan has to offer.

The questionnaire sent to each registered voter from the water commission had attached to it a flyer asking if the voter would be in favor of the development of a comprehensive master plan for the town. Seventy three (73) percent of the flyers returned indicated that a master plan should be developed. With this majority in favor of such a plan, the planning board requested that an article be placed on the annual town warrant asking the townspeople to vote on the question.

One member of the Planning Board has served on the town By-Law Committee.

Mr. Ralph Gordon has resigned from the Planning Board. This makes two (2) members short of the required membership.

Respectfully submitted,

IRVIN L. LITTLEFIELD,
Secretary

REPORT OF THE INSPECTOR OF ANIMALS AND SLAUGHTERING

To the Board of Selectmen:

Gentlemen:

I had two calls for dog bites. There was no slaughtering in the town during 1966. I inspected 41 barns and buildings, also 500 animals.

Respectfully submitted,

HERBERT ASPINALL,
Inspector of Animals and
Slaughtering

PUBLIC WELFARE DEPARTMENT

DIRECTOR'S REPORT

To the Honorable Board of Selectmen:

The Annual Report of the Department of Public Welfare, for the fiscal year ending December 31, 1966, is herewith submitted:

The activities of the Department have included the administration of the following programs: Aid to Families with Dependent Children; Disability Assistance; General Relief; Old Age Assistance and Medical Assistance for the Aged, which has been replaced by Medical Assistance.

Title XIX of the Social Security Act provides for a new program of Medical Assistance (MA), sometimes called Medicaid. This new category replaces the MAA program and provides for medical assistance to certain persons in addition to the aged. With the inauguration of this program, the OAA, DA and AFDC programs will provide for their medical needs. Therefore, MA becomes a single and separate category and replaces the several provisions for medical care included in the programs of OAA, MAA, AFDC and DA.

This program became effective September 1, 1966. Under this program Federal participation is 50%—State 25% and Town 25%.

On October 1, 1966 the Standards of Assistance were increased in the AFDC program. Prior to this the Old Age Assistance cases were also increased on April 1, 1966.

Expenditures for all categories of assistance will continue to increase.

In concluding my report for the year ending December 31, 1966, I wish to express my appreciation to all who have assisted me during the past year.

Respectfully submitted,

THERESA M. PARENT, (Mrs.)
Director of Public Welfare

BRISTOL COUNTY MOSQUITO CONTROL PROJECT ANNUAL REPORT FOR 1966

On June 30, 1967 the Bristol County Mosquito Control Project will have completed it's eighth year of service to the Town of Berkley. The Project in it's attempt to minimize the mosquito nuisance has conducted its program in the following categories. (1) The elimination of standing water wherever possible, (2) Insecticide dusting of ice or pre-hatch treatment, (3) Our larvaciding procedure during the early spring and (4) Emergency spraying in the troublesome summer months.

The past year has seen the Project crew remove accumulated debris from 650 feet of brooks and streams and the brush cut from the banks of 600 feet allowing water to flow freely from possible breeding areas.

Our ice dusting or pre-hatch treatment was conducted on a limited basis due to lack of good ice conditions but the treatment of 39 acres was accomplished.

In the early spring our crew began to larvicide using #2 fuel oil whenever breeding was found and this continued until our spray program began.

The spraying program began in May and was active until the middle of September. All catch basins were also checked and treated if found to be breeding.

This Project is regulated in it's use and formulation of pesticides by the State Pesticide Board in Boston and guided by information furnished by the University of Massachusetts at Amherst.

This Project is grateful for the cooperation of the Town of Berkley and will continue to do its best in the interest of the health and welfare of its residents.

Respectfully submitted,

FRANK W. DILLINGHAM
Superintendent

INDUSTRIAL DEVELOPMENT COMMISSION OF BERKLEY, MASS.

ANNUAL REPORT—1966

During the year 1966, regular meetings were held by the Industrial Development Commission at the Berkley Junior High School. The meetings were well attended by the members.

The discussions at the meetings covered matters pertaining to advertising of suitable locations for new industry; Civil Defense and preparedness; and many other matters of general interest to residents of Berkley.

During the year our Berkley Commission participated in an important Industrial Conference hosted by U.S. Senator, Edward Kennedy, and other federal government personalities. This Conference was held during the month of July at the S.M.T.I. in Dartmouth, Mass.

The purpose of this meeting was to exchange ideas and information with representatives from other Towns and Communities and to become familiar with Federal Programs which can be used to help such Towns as Berkley to improve their own economic and industrial positions. This was a very stimulating and educational meeting.

At this time, Our Commission would also like to report that several business establishments, within Our Town, made substantial improvements in their existing properties during this past year.

New Business Concerns also came to Berkley during 1966. We would like to welcome the Fazio Laboratories, Inc. and the latest facilities of New England Telephone and Telegraph Company.

Respectfully submitted,

EDMOND B. ST. YVES, Secretary
Industrial Development Commission

4. COMMENT

This year has seen a large amount of old taxes taken off the books. This has been accomplished by land taking in the case of Real Estate Taxes and arrest warrants being issued for Personal Property and Motor Vehicle Excise. This is not the most desirable way for me to collect taxes but some people will not pay their share of Town Government otherwise. A great number of old taxes that I found unable to collect were abated by consent of the Commissioner of Corporation and Taxation.

During 1967 I plan to continue pressing for payment of all Motor Vehicle Excise and Personal Property owed to the town. Also to take all Real Estate property in arrears 1965 or older. Remember, in almost all cases taxes are due and payable 30 days after receipt of your bill, so try and pay your bills promptly to avoid additional costs to you.

Once again this year I wish to thank the many Town Officials and residents of Berkley for their help and support in doing my duty as your collector. Also during the year I have had very good corporation with Board of Assesors and the Town Treasurer. I cannot over impress the importance of this fine cooperation, you the residents of our community are the ones that gain in a smoother running and more beneficial part of your Town Government.

Respectfully submitted,

ALFRED T. TOWNLEY III

Collector of Taxes

Attendance Supervisor

Tedfield J. Majcher

GENERAL INFORMATION

Birth Certificates

Presentation of a birth certificate is required for entrance to the first grade.

Vaccination

Every child who enters school for the first time must present a certificate of vaccination or a statement from his physician that vaccination is inadvisable.

Non-School Information

When weather conditions are such that our buses are unable to run, a no-school notice will be broadcast over Radio Station WSAR, Fall River, Radio Station WPEP, Taunton, Radio Station WPRO, Providence and Radio Station WARA, Attleboro. Parents are urged to use their own judgment about sending their children to school on stormy days. The fact that school is in session does not mean that attendance by all pupils is advisable.

Transportation

The law requires that transportation be provided for pupils residing more than two miles from the school attended or more than one mile from the nearest bus stop. Many pupils living at lesser distances along the established routes are transported if the seating capacity of the bus will permit. From time to time it is necessary to refuse transportation to some of those living under the required distance when our buses are filled to capacity with children living at a greater distance.

Entrance Age

First grade registration in September of any year will be limited to those children who are at least six years of age or who will become six years of age on or before the following January first. There will be no exception to this ruling. Registration must be during the first three weeks of school in September.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of the Town of Berkley:

I hereby submit my twelfth annual report. Incorporated herein is the report of the Berkley School Committee, the School Nurse, the Principal, the Music Supervisor and the report of the School Doctor.

Personnel

We lost two good members of our elementary staff last June. Mrs. Joyce Cohen and Mrs. Helen Cardoza both left to devote their full attention to homemaking. Mrs. Madelyn Moynihan was transferred from grade five to grade one, Miss Irene Pillsbury from grade four to grade five and Mrs. Mona Keane, a graduate of State College at Fitchburg, was hired to teach grade three. Mrs. Keane had recently taught in Somerset.

Miss Marsha Roman, a graduate of State College at Bridgewater, was hired to teach grade two. Miss Roman had trained in Berkley during her senior year in college.

Mr. Joseph Cousineau, industrial arts teacher, became full time teacher at Dighton-Rehoboth Regional High School. Mr. Wallace Potts was hired to replace him and is devoting enough time to the school that all boys in grades 6-8 and the special class have industrial arts.

Mr. Lester Silva, instrumental music teacher, joined the Armed Forces and Mr. Carl Rand was hired to replace him. Mr. Rand taught in Milford, New Hampshire and has played with professional bands throughout the country.

We hope that this faculty will see fit to remain with us as changes in faculty disrupt to a great extent the school program.

Finances

The budget for 1967 has been increased by \$18,463.00 over the 1966 budget. Under general control an increase of \$720.00 is shown as Berkley's share of a business assistant for the School Union. This person will take charge of purchase of equipment, repairs, bids, transportation and Federal Programs.

Teachers' salaries are up by approximately \$9,000.00. This is due to increments granted last September and the establishing of a new salary schedule effective September 1967. This schedule

is in keeping with those in most of the other towns in Bristol County.

Another large increase is in tuition. Two factors brought about this increase namely an increase in the number of tuition students attending Dighton-Rehoboth Regional High School and a \$75.00 increase effective January 1, 1967, in the tuition rate. The tuition rate is based on the per pupil operating cost at Dighton-Rehoboth.

The budget is increased by 8.8% compared to a 9.6% average increase nationally. The increase was expected when last years' increase was 1.4%, the lowest in the area.

Buildings

Our buildings received the normal summer repair work. Some classrooms were painted at the Junior High School. During 1967 we hope to paint the outside of the Junior High School and install a black top apron at the playground entrance at the Elementary School. Mr. Richard Babbitt and Mr. Tedfield Majcher again should be cited for the hard work they put in to keep the schools in good condition.

It should also be noted at this point that the Berkley Lions Club bought and planted several shrubs around the new school. The School Committee appreciates this gesture by this very fine organization and I am sure we will all enjoy the added beauty next spring.

Future

Studies are being made in three directions concerning the future of Berkley Schools. The Committee studying a Regional Vocational Technical School is still at work and will report within the year. A second committee is studying expansion of the elementary school and at the same time the possibility of joining a grade 6 - 12 regional district with Dighton and Rehoboth.

We know that we need two rooms per grade at the Elementary School. This fact has been pointed out by the large fourth grade that we have this year. We also know that better facilities should be available for grades 6 - 8 and that if we don't join some regional district soon we could find ourselves with no place to go for a secondary education.

The School Committee along with these Study Committees will attempt to keep you informed of the building situation.

Conclusion

At this point I wish to thank all members of the staff for their cooperation during the past year. We have had many problems to work out and I feel that they were solved by everyone helping out. I wish to thank Mrs. Maciejowski, the school nurse, for her efforts in attending to matters of health and her cooperation with the new school doctor, Dr. Stanley Parker.

Mrs. Viveiros and her staff have operated a fine cafeteria program despite rising food costs and less government commodities.

Finally I wish to thank Mr. Fleming and his secretary Mrs. Buckley for their cooperation in supplying us with reports from time to time. Mr. Fleming, as principal, has tried to give the Berkley children the best school program possible.

I wish to thank all parents and civic organizations who have helped the schools in any way. There is indeed a great deal of satisfaction gained from knowing you are interested in your schools.

Respectfully submitted,

ROBERT T. ROY

Superintendent of Schools

REPORT OF THE PRINCIPAL

Robert T. Roy
Superintendent of Schools

Dear Mr. Roy:

I herewith submit my eighth annual report as principal of the Berkley Public Schools.

Enrollment continues to hold the spotlight as we report on the progress of the schools. And, as the number of students increases, the problem of housing them becomes more acute.

In last year's report we noted that enrollment in the two schools was up over 300 for the first time and that we had increased 25 students over the previous year. At the present, our enrollment has increased to 432 for an increase of 28 students over last year. With this current rate of increase, we are going to need more classrooms in the very near future.

We were, of course, short one classroom at the elementary school this year. We have two rooms per grade in all grades but four. This was the smallest class when we projected class sizes in the spring. Yet, since school opened in the fall, we have had to crowd 40 pupils into this one room. This is a condition we were attempting to eliminate with construction of the new school.

As we look ahead to the opening of school for the 1967-68 school year, we face a housing shortage in the junior high school where we will have 2 sixth grades, 2 seventh grades, and one eighth grade. As you well know, there are only four rooms available as classrooms in the building.

For the past few years I have reported separately on the two schools and then generalized on areas common to both. Lest the reading of these reports become boring, we will differ the format this year.

Curriculum

Curriculum-wise, we are following the patterns established within the past few years in both schools. This does not imply that we are not receptive to change, merely that we have found what we are doing to be successful. One particular change this year occurred at the junior high school where we were able to have the services of the industrial arts teacher and the home economics teacher for a day and a half rather than one day as in the past.

Despite your continued efforts to find a qualified music teacher for the junior high school, the students of that school still do not have music. Conversely, Mrs. Barbara Wallace is doing an exceptional job at the elementary school, as evidenced by the highly successful spring concert presented this year. It seems unfortunate that this excellent training in the early years could not be fostered in the junior high school.

Testing

Slight alterations were noted in the testing program this year in that achievement tests were not administered to all grades in the spring. Junior high classes were tested in conjunction with the testing program at Dighton-Rehoboth Regional High School.

However, at the elementary school level it was found more feasible to use the achievement tests in the fall as inventory tests, giving the teacher a better perspective of what had been retained over the summer months.

Intelligence tests, administered under the usual pattern, were given in grades one, three, and five.

Library

The elementary school library remains as a popular place with all students. Available for research at all times, it is also visited once a week by all students to obtain books for outside reading.

The addition of a bank of bookshelves along one entire wall has allowed us to display many more books. Each year we make a concerted effort to add as many books as possible to our library and we were able to add quite a few during the past year.

We are deeply indebted to the mothers who volunteer to serve as librarians one day each week so that the students may select books with some direction. Librarians this year are Mrs. Robert Shepard, Mrs. Chester Strickland, Mrs. Donald Johansen, Mrs. Roland Gooch and Rosemary Buckley of the eighth grade has served many times as a substitute for these ladies.

The town library, through the cooperation of Mrs. Walter Craven, remains as the source of outside reading for pupils in the junior high school. Mrs. Craven and the library trustees have maintained a schedule which is most beneficial to our students.

Hot Lunch Program

Despite a sharp decrease in the amount of surplus commodities supplied by the government, our cafeteria has been able to maintain a rather stable position.

Participation by the students at the elementary school varies between 70 and 80 percent daily, while about 90 to 95 percent of the junior high students purchase a hot lunch. This would seem to be fair testimony that the majority of the parents think the 25c is well invested.

The cafeteria staff, under the direction of Mrs. Adella Viveiros, attempts at all times to prepare attractive and nutritious meals for the students of both schools.

We hope to be able to continue serving quality meals for 25c despite the fact that many surrounding towns have found it advisable to increase the price of meals.

Extra Curricular

Our junior high school athletic program proved most successful during the year. The basketball team lost only one game out of twelve, that being the semi-final tournament game in Taunton. It was by far the most successful year ever experienced by our teams and the team members and the coaches, Mr. Canuel and Mr. Richmond, are to be commended.

The team's efforts were rewarded by a large following of supporters who were led by our spirited junior high cheerleaders.

The baseball team, under Mr. Cardoza's direction, and the girl's softball team, each had successful seasons. All of our teams brought credit to themselves, their school, and their community. It is our hope that they continue this spirit through the years to come.

The eighth grade banquet and dance, which has become a tradition, successfully climaxed the students schooling in Berkley. Financed largely this year through contributions at the Spring Festival, with help from the P.T.A., the entertaining evening was under the chairmanship of Mrs. Robert Shepard.

Another evening program which has been well-received and appreciated is the annual mother-daughter event under the direction of our school nurse, Mrs. Anita Maciejowski, R.N. We are grateful to Mrs. Maciejowski for giving freely of her time and talent for the youth of the community.

A Christmas dance was held for junior high students along with those students who went on to high school last June. A "live" band added to the festivities which were enjoyed by a large group of students.

General

Many persons and groups have helped to make this year successful for the pupils and the schools.

Of particular significance was a project by the Berkley Lions Club of planting shrubs around the elementary school. These shrubs have certainly beautified the area around the school.

Another Lions project has been the financing of hot lunches for needy children. In the true spirit of Lionism, the Berkley Lions Club has served the community in many ways.

Students in grades five through eight conducted their annual magazine drive again this year and once again surpassed the goal which had been established for them. Proceeds from this drive foster the athletic program, purchase library books, and in general take care of items not included in the regular school department appropriation.

The Berkley Police Association most generously supported the Christmas Party for students of both schools. Gifts were purchased for each student along with ice cream, soda, cup cakes and candy.

A record hop was held in conjunction with the party at the junior high school.

Our parent-teacher association, under the presidency of Mrs. Donald Peck has held many interesting meetings. Projects which will benefit the students are planned for the spring.

As in the past, all elementary pupils were taken on educational field trips through the generosity of Mr. Clarence Trenouth, bus contractor.

We are also indebted to Mr. Trenouth for transporting our athletic teams to their various games.

Parent-teacher conferences which were initiated in January, proved very successful. Most parents took advantage of this opportunity to come to school and find out about the progress of their children. More parent-teacher conferences are scheduled for January, 1967.

Conclusion

As we bring this report to a close, there are many whose assistance has helped make 1966 a prosperous year in the Berkley Public Schools.

To you, Mr. Roy, a sincere thank you for your guidance and continued cooperation in administering the schools.

To the members of the school committee, who for the first time faced collective bargaining, made decisions with the future of good schools in mind.

To the staffs of both schools, teachers, custodians, secretary, and cafeteria workers for accepting their responsibilities and carrying them through.

To Mrs. Maciejowski, for carrying on an exceptional health program both in caring for sick children and in teaching health classes.

To the parents and students for working together with the school to make their schools second to none.

We once again remind the parents that they are welcome at any time to visit the school and discuss the progress of their children.

As we look ahead to the new year, it is our profound desire that the spirit of cooperation among community, home and school will continue, and the schools of Berkley will maintain their position at the top of the educational ladder.

Respectfully submitted,

J. GERALD FLEMING

District Principal

VOCAL MUSIC REPORT

Mr. Robert T. Roy
Superintendent of Schools

Dear Mr. Roy:

I herewith submit my annual report as Supervisor of Vocal Music for the 1966 - 67 school year.

Weekly visits are made to grades 1-5 in the elementary school. A varied program of musical activities is being carried on in the classroom with the cooperation and assistance of the classroom teachers. Newly purchased recordings, rhythm instruments, and melody instruments have helped to enrich our program.

An elementary school choir has been organized this year. Approximately 60 students from the fourth and fifth grades are participating in the weekly rehearsals of this choral group. The choir sang on December 5th for the Berkley P.T.A. and again as a part of the annual Christmas program. The choir anticipates singing in the Annual Spring Concert at which time all elementary grades take part.

Although our classroom music program has made solid contributions to the overall curriculum of the Berkley Schools, there is one area I feel should be given consideration for future growth and development. Presently the classes of grades 6, 7, and 8 are lacking specialized supervision and instruction in the area of vocal and general music. Due to the very nature of the junior high school with all its educational implications, music instruction at this level is very demanding and requires highly specialized and skilled teachers in order to be successful. Having neither the experience nor the specialized qualifications to accept this responsibility, I strongly recommend the addition of a specialized junior high music teacher to the staff of the Berkley Public Schools.

Respectfully submitted,

BARBARA L. WALLACE
Vocal Music Supervisor

REPORT OF THE SCHOOL NURSE

Mr. Robert T. Roy
Superintendent of Schools

Dear Mr. Roy:

As school nurse of the Berkley Public Schools, I herewith submit the health report for the 1965 - 66 school year.

Health Appraisals

Screening tests, as prescribed by the laws of the Massachusetts State Department of Public Health, were completed. These included heights, weights, vision and hearing tests. Notices were sent to the parents of students who needed further medical attention.

Dr. Poole completed physicals on students in grades one, three and five. After his resignation, our new school doctor, Stanley Parker, M.D., completed the athletic physicals.

Periodic spot-checking of students for personal cleanliness was conducted. Students showing poor personal hygiene were counseled. Students having any evidence of nuisance diseases (nits, pediculosis, impetigo) were excluded from class immediately.

Health Counseling

Individual health conferences were held with eighth grade students.

Necessary counseling and health conferences were held with teachers who had handicapped students in their classrooms. Parents of these children were interviewed by the school nurse.

A meeting was held with citizens in the community who showed concern over the health standards and health problems facing the community. Since many of these problems were associated with the responsibilities of the Board of Health and not the Department of Education, references were made to both local and state Departments of Public Health.

Health Education

Health education plays an important part in the curriculum of the students.

In order to help the first grader adjust to a healthy school environment, films were shown on the subject of **Getting Ready for School, Staying Healthy, and Meeting New Friends.**

Dental kits were distributed to the third graders and the Opportunity Class.

A survey on smoking habits was conducted and it was alarming how many students have already acquired an interest in smoking. Therefore an anti-smoking campaign was conducted and several films on the dangers of smoking were shown to the students.

Rachael Jones of the American Dairy Council was invited to talk to the teachers on Health Education.

The school nurse was invited to speak at the P.T.A. and a film on the emotional problems of children was shown.

The annual Mother-Daughter Program was held in May and proved successful. A film on menstruation was shown and a discussion period followed.

The school nurse welcomed invitations by the teachers to supplement classroom instruction in science and other related subjects.

Prevention and Control of Diseases

The School Department realizes that the control of Communicable diseases and immunization programs are functions which are a responsibility of the Board of Health. However, the school nurse made every effort to cooperate with the Board of Health in carrying out these functions without placing the entire responsibility upon the Department of Education.

The school principal, school doctor, and school nurse held meetings with officials of the State Department of Public Health Dr. Groton, Miss MacIsaac, and Mr. Dowd in reference to the prevention and control of communicable diseases.

As school nurse, I have a continued interest in having all school children receive aTine or Heaf tuberculin test, and a discussion was again held with Mr. Vokey of the Bristol County Health Association. The matter was referred to the selectmen of the Berkley Board of Health for consideration and approval.

School personnel assisted the board of health in setting up the immunization programs.

Health Room Services

Visits to the Health Room consisted of complaints of minor bruises, cuts bumps, colds, nose bleeds, toothaches, etc. We have been very fortunate in not having reports of any serious accidents, which may reflect on the fact that the principal and teachers enforce good safety practices within the school.

Conclusion

In conclusion I wish to thank you, Mr. Roy, and the members of the School Committee for their cooperation and sympathetic understanding of school health problems.

I extend my gratitude to the principal, Mr. Fleming, for giving of his valuable time for conferences with the school nurse, school doctor, local and state health officials and parents pertaining to school health problems. His cooperation, guidance, and counseling has helped to establish a healthful school and community program.

I would like to express my thanks also to the following: to the Lions Club for their contributions to the needy children; to the local Board of health for the long-needed immunization programs in the community; to the volunteer workers who assisted the school nurse in the physical examinations of students and in clinics; to Mr. Babbitt, school custodian for his time in setting up the auditorium for the Mother-Daughter programs; to the secretary, Mrs. Buckley, for her assistance in typing up health reports etc.; to Dr. Parker for his valuable assistance in helping to set up a workable school health program; and last but not least to the teachers for their cooperation in helping to schedule the appraisal and screening tests of all students.

Respectfully submitted,

ANITA K. MACIEJOWSKI, RN BS

ARTICLE 30. To see if the Town will vote to raise and appropriate to the Planning Board a sum of money for the purpose of contracting with the Massachusetts Department of Commerce and Development for the preparation of Master Plan studies of the Town, such sum to be expended only if a grant is provided by the Federal Government under Section 701 of Title VII of the Housing Act of 1954, as amended, or take any action in relation thereto.

ARTICLE 31: To see if the Town will vote to appropriate and transfer a sum of money made available under the provisions of Chapter 822 of the Acts of 1963 to the Anthony Street reconstruction, or act thereon.

ARTICLE 32: To see if the Town will vote to authorize the Board of Health to enter into contract with the Taunton Visiting Nurse Association or take any action in relation thereto.

ARTICLE 33: To see if the Town will authorize and direct the assessors to take a sum of money from available funds to reduce the tax levy for the current year, or take any action relative thereto.

REPORT OF THE FINANCE COMMITTEE FOR 1966

The Berkley Finance Committee has, during the year, held ten meetings. At each of these meetings the Committee has endeavored to study carefully the material presented to it and make its recommendations and decisions in the best interest of the citizens of Berkley.

At times the Committee has been discouraged by the obvious lack of interest and participation in town affairs by a large segment of the voters. The Annual Town Meeting is not well attended, and special Town Meetings draw only those whose presence is required. The Town of Berkley needs each and every voter's participation. Our town can be improved only through new ideas and opinions.

Each voter is urged to become aware of the problems and issues and to participate actively in the affairs of your town.

During the year the following transfers were made by the Committee from the Reserve Fund:

March 30

\$100.00 to the Town By-Laws Study Committee

October 18

\$100.00 to the Bristol-Plymouth Area Vocational Technical School Planning Committee

December 28

\$1,000.00 to the Veterans' Services Account

8.31 to the Board of Appeals Account

137.95 to the Interest Account

11.64 to the Chapter 81 Highway Maintenance Account

1.20 to the Tree Department Account

15.18 to the Dighton-Berkley Bridge Expense Account

625.72 to the Snow Removal Account

Respectfully submitted,

EARL WILSON, JR., Chairman

RICHARD PEYTON, Secretary

THOMAS NELSON
